

Economic & Cryptocurrency Sentiment
Weighted by region, gender, age and education level

These results are based on responses from 2157 Americans collected between September 22nd and September 26th via the Premise smartphone application. Premise randomly sampled its opt-in panel members, stratified on Age, Gender, Region and Education, based on the 2019 American Community Survey (ACS). The results are weighted by Age, Gender, Region and Education benchmarked against the 2019 ACS estimates.
